Mission

To develop dynamic legal professionals equipped with conceptual clarity, professional skills, self confidence ethical concern and globalized perspective of legal education through innovative systems and processes.

About L J School of law

The Lok Jagruti Kendra's idea behind starting the school of Law is not just to produce degree holders in law but to produce lawyers who would practice in courts of law. In view of the globalized scenario, the institute's thrust areas would be cyber crime, forensic law, legal communication, skill acquisition in interpreting laws. Besides full-time faculty, the institute has plans for large scale involvement of eminent lawyers practicing in local courts, high court and the supreme court. The institute also proposes to introduce a pedagogical innovation - "Lawyer on Wheels" - under which the students will go to interior villages for creating legal awareness as well for providing legal help to the socially and economically backward classes. The institute will provide a unique learning experience to the students.
